

You've Got A Friend

Our House

THE KWW STORY

For many years our main office at 70 Walton Road was a record store. We've taken inspiration from that musical heritage to portray our range of services with the help of a few well chosen song titles.

So, without further ado, let the music play...

Whatever You Want

THE KWW WAY

KWW Solicitors has been providing high quality legal advice for 60 years and more. We are a friendly firm of no-nonsense professionals who offer outstanding levels of personal service at a price that's fair. We continue to invest in the best people and the best technology to deliver the results our clients want. If you have not experienced 'The KWW Way', we would love you to consider us when the time comes.

Move It!

CONVEYANCING

KWW is one of Surrey's premier conveyancing specialists, serving home buyers and sellers across the county for the past 60 years and more. We hold the Conveyancing Quality Standard (CQS) which means our systems and procedures are of the highest calibre. We also offer a service called 'Contract Ready' that can trim weeks off the process of moving. For a friendly, expert service from people who know property inside out, make us your first choice.

Shelter From The Storm

PROTECTION

Each of us has the opportunity to ensure our best interests are catered for in life and in death. We can do this through the creation of Wills, Trusts and Lasting Powers of Attorney. These are essential documents that every adult should have in place but which are all too easy to put off, with sometimes disastrous consequences (believe us – we’ve seen them). Make today the day you take control.

Bridge Over Troubled Water

PROBATE

The death of a loved one is invariably a time of great upset and stress. The last thing you really need is being left to deal with a mountain of difficult paperwork or long tax forms when the time would be better spent supporting your family. Using our experienced probate team will get things sorted faster, more efficiently and can result in a larger portion of the estate to be shared out. We can often agree costs in advance.

When Love Breaks Down

FAMILY AND DIVORCE

Few things in life are as traumatic as relationship breakdown, especially when children are involved. Our solicitors will always seek the best outcome for you and your family while attempting to steer the path of least emotional distress. We can work on a pay-as-you-go basis to set cost limits, and we have a fixed-price option for uncontested divorces.

Money Money Money

COMMERCIAL

We love entrepreneurs at KWW! Whether you are starting up your business as a sole trader, small company, partnership or LLP, we can give you solid commercial advice on all aspects of your enterprise. We can also advise and act for you in relation to the sale or purchase of your business. If you are in the business of property, you'll be glad to know we have massive experience of the sector, working closely with a number of developers.

We Can Work It Out

DISPUTES

In our book, court proceedings should always be seen as a last resort. But if it's unavoidable, you have the comfort of knowing you have a great team at your side. If you have a dispute about property, money or protecting your assets, we can help resolve the issues. We will listen intently then give you practical and commercial advice about how best to proceed. We can also help with employment and workplace issues.

Simply The Best

TEAMWORK

Beware of advice that on the face of it looks cheap: it almost always turns out to be the most expensive. At KWW, we offer a professional service delivered by highly trained lawyers and solicitors with real expertise. These professionals are supported by our loyal and hardworking support staff, who have many years of law firm experience.

A Good Heart

LOCAL SUPPORT

KWW is pleased to lend its support to a number of local sports clubs and to two charities whose causes are close to our hearts. We invite you to learn more about:
